Implant Surgeon / Prosthodontist

Exceptionally skilled and patient-centered Dentist with extensive experience and expertise in clinical implant surgery encompassing placement, grafting, and restoration. Misch International Implant Institute Faculty Instructor with demonstrated abilities in expanding fellow dentists' competencies and confidence through one-on-one mentoring as well as group lecturing. Esteemed clinician with unwavering dedication to patient comfort, safety, and satisfaction and drive for continually elevating standards of dental care. **Strengths include:**

Diagnosis & Treatment Planning • Case Selection • Practice Management • Staff Training & Supervision
Patient Relations & Education • Business Development • Practice Growth • Patient Retention • Community Outreach

Computer Skills: Mac & PC OS, CT Scan Software, Eaglesoft, Easy Dental, VIP, SimPlant, Skype

Professional Highlights

- Own/operate In House Implant Dentistry offering onsite implant placement, grafting (sinus, ramus, particulate, and symphysis), extractions, and other surgical services as well as mentoring on contract basis for dental practices across the US; aid offices with growing business and marketability without increasing overhead.
 - Propelled net profit by 30%–40% in new surgical production for Beaufort Family Dentistry and Bluffton Center for Dentistry; additionally raised new patient acquisition, satisfaction, and continuity of care as well as staff engagement/morale.
 - Deliver customized onsite and virtual training for dentist at Model Smile Dentistry, expanding his surgical skills encompassing implant placement, grafting procedures, and aseptic surgical technique in addition to diagnosis, treatment planning, and patient management strategies.
- Presently serves as Department Head of Prosthodontics & Chairman of the Dental Implant Board for Camp Pendleton, CA, and Guest Lecturer for Naval Dental Centers at Bethesda, MD and San Diego, CA; consistently outperforms production expectations (including complex cases) by 3x.
- Built and ran successful private practice for 20+ years, employing team of 6 with exceptionally low turnover and establishing strong referral base and reputation as go-to dentist for correcting implant complications; assisted fellow dentists with difficult cases on pro bono basis.
